### SERB Student Internship Program वृतिका / VRITIKA

This program aims to provide opportunities to promising UG/PG students from universities and colleges to get exposure and hands-on research skill development experience in the area of **Modelling and Analysis of SAIR Epidemic Model with Vaccination**. This is a one month internship program, funded by SERB, DST, and Govt. of India, to support regular UG/PG level students who are having a strong orientation towards scientific and engineering research and are pursuing their UG/PG from University/Institute within India in the fields of Science & Engineering and having an interest in scientific research. This internship program is organized by the Department of Electronics & Instrumentation Engineering, National Institute of Technology Silchar, Assam.

#### Who can apply:

- Regular UG/PG level students pursuing their degree from University/Institution within India who have completed at least 2 courses related to modelling of dynamical system or control theory.
- **Research Topic:** Modelling and Analysis of SAIR Epidemic Model with Vaccination
- **Skills Required:** Understanding of system modelling and parameter estimation. Ability write code in MATLAB/Simulink.

#### How to apply:

- **Step 1:** Prepare the Annexure-I, II and III and scan those documents and save it in PDF format.
- **Step 2:** Apply using the following google form: <https://forms.gle/me8dvwXqBt6tdGSn6>
