About NIT Silchar:

National Institute of Technology (NIT) Silchar (an Institute of National Importance by MHRD, Govt. of India), was established in 1967 as Regional Engineering College (REC) Silchar, Assam. In 2002 it was upgraded to NIT Silchar under national institute of technology act 2007. It is situated on the banks of river Barak and on a sprawling campus spread over 600 acres of land on the outskirts of Silchar. It is surrounded by beautiful lakes and hillocks. It offers six undergraduate courses and ten Post-Graduate courses.

About the Department:

The department of Electronics & Communication Engineering offers B.Tech (ECE), M.Tech (Microelectronics and VLSI Design) and M. Tech. (Communication and Signal Processing Engg.) and Ph.D.(in several thrust areas of ECE)degrees. The department is equipped with state-of-art laboratories of VLSI Design, Microwaves, Signal Processing, Communication Engg. with industry standard simulation tools and Equipment.

About the Workshop:

The aim of the workshop is to encourage, nurture and to motivate young faculty members, engineers and students to explore the vast ocean of Nano Technology.

The 3 Days workshop will provide a platform to interact with experts from IIT's, NIT's and Central Universities.

Targetted Participants:

- **B.Tech/M.Tech/ PhD Students**
- **BSc/MSc in relavent fields**
- **Faculties**

Resource Persons:

Experts from IIT's, Central Universities and in-house experts of NIT Silchar.

Registration:

No registration fee will be charged from the intending participants. **Free accommodation on twin share basis** in the Institute Guest House will be arranged for outstation participants. No TA/DA will be provided to the participants for attending the workshop.

How to Reach NIT Silchar:

There are daily flights from Kolkata, Guwahati, Imphal and Agartala. Silchar is also well connected by road. Buses run every day from Guwahati, Agartala and Imphal and provide day as well as night services. The preferred bus services are Capital, Network, ASTC, Jagannath and Royal Tours and Travels. Rail connectivity is discontinued temporarily due to broad gauge conversion of railway tracks.

Shared taxi services are available from airport for the campus. Auto-Rickshaws are available from bus stand to reach the campus.
