# National Institute of Technology Silchar

## Faculty and Course Details for UG 5<sup>th</sup> Semester July-December 2026

| Department                                    | Course Code | Course Name                                      | Faculty                                                                                                         |
|-----------------------------------------------|-------------|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| Civil Engineering (CE)                        | CE 301      | Design of Concrete Structures -II                | CE A: Dr. Bijan K Roy<br>CE B: Dr. Subhajit Das                                                                 |
|                                               | CE 302      | Foundation Engineering                           | CE A: Prof. A K Dey<br>CE B: Dr. M Hussain                                                                      |
|                                               | CE 303      | Structural Analysis-II                           | CE A: Dr. S Dutta<br>CE B: Dr. Dinesh P                                                                         |
|                                               | CE 304      | Surface and Ground water Hydrology               | CE A: Dr. D K Ghose<br>CE B: Dr. B S Sil                                                                        |
|                                               | CE 305      | Water Supply Engineering                         | CE A: Prof. U Kumar<br>CE B: Dr. Subhadeep Biswas                                                               |
|                                               | CE 311      | Detailing of Civil Engineering Structures        | CE A1: Dr. Nitesh A<br>CE A2: Dr. S Dutta<br>CE B1: Dr. Jyotirmoy Haloi<br>CE B2: Dr. Biswajit Pal              |
|                                               | CE 312      | Foundation Engineering Laboratory                | CE A1: Dr. N Borthakur<br>CE A2: Dr. Amit K Das<br>CE B1: Dr. Rajarshi Pramanik<br>CE B2: Dr. Partha Das        |
|                                               | CE 313      | Transportation Engineering Laboratory            | CE A1: Dr. Dipanjan Mukherjee<br>CE A2: Dr. Kh L Singh<br>CE B1: Dr. S Jena<br>CE B2: Dr. Purbayan Ghosh Mondal |
|                                               | CE 314      | Water Resources Engineering Laboratory           | CE A1: Prof. P Choudhury<br>CE A2: Prof. D Chakraborty<br>CE B1: Dr. Prashanth J<br>CE B2: Dr. Barun Kanoo      |
| Mechanical Engineering (ME)                   | ME 301      | Heat Transfer                                    | Dr. D Bhanja (Coordinator)/Dr. B Nath                                                                           |
|                                               | ME 302      | Machine Design I                                 | Dr. R N Gupta (Coordinator)/Dr. L Roy & Dr. A Rajput                                                            |
|                                               | ME 303      | Turbo Machinery                                  | Dr. G Choubey/Dr. O Sriram (Coordinator)                                                                        |
|                                               | ME 304      | Advanced Solid Mechanics                         | Dr. A Bisoi/Dr. S Agarwal (Coordinator)                                                                         |
|                                               | ME 305      | IC Engine                                        | Dr. Biplab Das (Coordinator)/Dr. S Debbarma                                                                     |
|                                               | ME 306      | Advanced Manufacturing Processes                 | Dr. B Das/Dr. C K Sahoo (Coordinator)                                                                           |
|                                               | ME 311      | Fluid Machinery Laboratory                       | Dr. A Paul (Coordinator)/Dr. Biplab Das/Dr. S Debbarma/Dr. A Biswas/                                            |
|                                               | ME 312      | Machining Laboratory                             | Dr. P K Singh (Coordinator)/Dr. Bipul Das/Dr. D Das/Dr. S K Sahoo/                                              |
| Electrical Engineering (EE)                   | ME 313      | Heat Transfer Laboratory                         | Dr. B Nath/Dr. S Nath/Dr. G Choubey/Dr. D Bhanja (Coordinator)                                                  |
|                                               | EE 301      | Control Systems                                  | Dr. Raj Kumar Biswas & Dr. Sunil Kumar Mishra                                                                   |
|                                               | EE 302      | Power Systems II                                 | Dr. Partha Kayal & Dr. Ashish Paramane                                                                          |
|                                               | EE 303      | Electrical Machines II                           | Prof. Jyoti Prakash Mishra & Dr. Megavath Diwakar Naik                                                          |
|                                               | EE 304      | Power Electronics                                | Dr. Asha Rani M. A & Dr. Mallikarjuna Balimidi                                                                  |
|                                               | EE 305      | Digital Signal Processing                        | Dr. Tapan Pradhan & Dr. Avadh Pati                                                                              |
|                                               | EE 311      | Electrical Machine Laboratory-I                  | Dr. Sreenu Sreekumar & Dr. Ambrish Devanshu                                                                     |
|                                               | EE 312      | Power System Laboratory-I                        | Dr. Partha Kayal, Dr. Mallikarjuna Balimidi & Dr. Biswajit Sahoo                                                |
|                                               | EE 313      | Control System Laboratory                        | Dr. Rajeeb Dey, Dr. Biswarup Ganguly and Dr. Sunil Kumar Mishra                                                 |
| Electronics & Communication Engineering (ECE) | EE 314      | Signal Processing Laboratory                     | Dr. Tapan Pradhan & Dr. Avadh Pati                                                                              |
|                                               | EC 301      | Digital Communication                            | Sec-A: Prof. Rabul Hussain Laskar (RHL)<br>Sec-B: Dr. Sucharita Chakraborty (SC)                                |
|                                               | EC 302      | Microprocessors and Microcontrollers             | Sec-A: Dr. Chandrajit Choudhury (CC)<br>Sec-B: Dr. Tripti Goel (TG)                                             |
