Dr. Ranjith G. Nair

Organized by

**Electrical Engineering Department
National Institute of Technology
Silchar**

About the workshop

The main objective of this workshop is to understand the green and sustainable energy practices, opportunities and challenges at central/state Govt organizations in India. Thus, the workshop aims to gather experts from reputed Govt. industries to share their thoughts on green and sustainable energy mission. The workshop is also planned to define roadmap for capacity building for future energy needs for autonomous institution like NIT Silchar in terms of renewable energy generation and upgrading the campus power network. In addition, the revision needed in the campus energy utilization, standards and current practices shall be extracted through tactical discussion. An effort will be devoted towards the policy making on leveraging green energy practices at institutes of higher learning.

Highlights

- Exploring the green and sustainable energy practices at Govt. organizations
- Assessment of green and sustainable energy potential at NIT Silchar.
- Panel discussion on 'Roadmap for future energy practices and green energy interference'.
- Roadmap for skill development programs among stakeholders.

Resource Persons

- Shri. Ashok Pal,
Ex-COO & ED, Power Grid (PGCIL).
- Shri. Prasenjit Sen,
